Activities that Both Occupations Have in Common		Similarity of Focus Occupation to Associated Occupation: 83
Focus Occupation: Conservation Scientists (19-1031) Associated Occupation: Environmental Science Teachers, Postsecondary (25-1053)		
Work Activities	Exclusivity of Activity	
Advise governmental or industrial personnel	28	

Analyze scientific research data or investigative findings	27
Conduct research on work-related topics	44
Convert information into instructional program	38
Direct and coordinate scientific research or investigative studies	27
Use knowledge of environmental laws and regulations	76
Use library or online Internet research techniques	21
Use oral or written communication techniques	1
Use pollution control techniques	62
Use public speaking techniques	13
Use teaching techniques	29
Write research or project grant proposals	33
Write scholarly or technical research papers	36

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus
Occupation to Associated
Occupation: n/a

Focus Occupation: Conservation Scientists (19-1031)

Associated Occupation: Environmental Science Teachers, Postsecondary (25-1053)

Tools and Technologies

Exclusivity

Tools and technology data is unavailable for one or both occupations.

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
